

A poster that says how to give safe and inclusive health care

Doing things **with** people with intellectual disability can help make health care safer and more inclusive.

This poster says 4 things that health professionals can do to meet the needs of all patients.

1. Plan with me
2. Understand me
3. Communicate with me
4. Act with me

Everyone has the right to make choices and get high quality health care.

We trust this resource

We trust this resource because it is:

- Made to help, not for profit
- Made by people who know a lot about the topic
- Made in Australia

We've checked this resource, and you can [follow our guide to know if health information is true and right for you.](#)

This resource was made by

Australian Commission on Safety and Quality in Health Care

The Commission leads and coordinates national improvements in the safety and quality of health care in Australia. It is part of the Health portfolio of the Australian Government.
